

COMPTON C of E PRIMARY SCHOOL SCHOOL CHILD PROTECTION AND SAFEGUARDING POLICY

This policy was reviewed and developed 12th October 2021

The name of the Designated Safeguarding Lead **until 31/12/21** is: **Giles Phillips (Deputy Headteacher)**

The name of the Designated Safeguarding Lead **from 1/1/22** is: **Jo Arscott (Deputy Headteacher)**

The name of the Deputy Designated Safeguarding Lead is: **Mark Oakshott (Headteacher)**

The name of the Deputy Designated Safeguarding Lead is: **Lee Woodman**

The name of the link Nominated Safeguarding Governor is: **Juliet Morgan**

The name of the Designated Teacher for Looked After Children is: **Sarah Howells**

At Compton Church of England Primary School, we believe our vision, 'life in all its fullness', promotes the spiritual, physical, intellectual, emotional, moral and social development of the children in our care. Our vision & High Five Values (Friendship, Creativity, Responsibility, and Perseverance and Koinonia) shape our policies & curriculum & ensure that everyone within our school is treated with love and respect; they enable all to feel secure and valued, regardless of creed, colour and ethnicity.

Our Christian vision & values are rooted in the Bible & the teaching & example of Jesus. They inspire us to embrace academic excellence & rigour & ensure that everyone can flourish & achieve their fullest potential.

1. Policy Statement and Commitment

Compton recognises its moral and statutory responsibility to safeguard and promote the welfare of all children and we will provide a caring, positive, safe and stimulating environment that promotes the social, physical, mental and moral development of the individual child. This will be underpinned by a culture of openness where both children and adults feel secure, able to talk and believe that they are listened to. We recognise that all staff have a full and active part to play in protecting our pupils from harm, and that the child's welfare is our paramount concern. We will ensure that all adults who have contact with children in our school have been properly vetted and deemed suitable to work and support children in our care/charge. We will also ensure that all adults who have contact with children in our school have been trained to undertake their safeguarding responsibilities effectively. We maintain an attitude that 'it could happen here' where safeguarding is concerned.

2. Purpose

The purpose of this policy is to provide staff, volunteers and governors with the framework they need in order to keep children safe and secure in our school, and to inform parents and guardians how we will safeguard their children whilst they are in our care/charge.

3. Definitions

Within this document:

Safeguarding and promoting the welfare of children is defined for the purposes of this guidance as:

- protecting children from maltreatment;
- preventing impairment of children's mental and physical health or development;
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care;
- taking action to enable all children to have the best outcomes.

Child Protection is an aspect of safeguarding but is focussed on how we respond to children who have suffered significant harm or are likely to suffer significant harm.

The term **Staff** applies to all those working for or on behalf of the school, full time or part time, in either a paid or voluntary capacity. This also includes parents and governors.

Child or Children refers to all young people who have not yet reached their 18th birthday. On the whole, this will apply to pupils of our school; however the policy will extend to visiting children and students from other establishments.

Parent refers to birth parents and other adults in a parenting role, for example: adoptive parents, step parents, guardians and foster carers.

Abuse could mean neglect, physical, emotional or sexual abuse or any combination of these. Parents, carers and other people can harm children either by direct acts and/or failure to provide proper care. Explanations of these types of abuse are contained within Appendix 1 to this policy document.

4. Principles and Values

Children have a right to feel safe and secure, and cannot learn effectively unless they do so.

All children regardless of age, gender, race, ability, sexuality, religion, culture or language have a right to be protected from harm.

5. Aims

The aims of this policy are to:

- Provide Staff with the framework to promote and safeguard the wellbeing of children and in doing so ensure they meet their statutory responsibilities.
- Ensure consistent good practice across the school.
- Demonstrate our commitment to protecting children.
- Support the child's development in ways that will foster security, confidence and resilience.
- Provide an environment in which children and young people feel safe, secure, valued and respected, feel confident and know how to approach adults if they are in difficulties.
- Raise the awareness of all teaching and non-teaching staff of the need to safeguard children and of their responsibilities in identifying and reporting possible cases of abuse.
- Provide a systematic means of monitoring children known or thought to be at risk of harm, and ensure we, the school, contribute to assessments of need and support plans for those children.
- Acknowledge the need for effective and appropriate communication between all members of staff in relation to safeguarding pupils.
- Develop a structured procedure within the school that will be followed by all members of the school community in cases of suspected abuse.
- Develop effective working relationships with all other agencies involved in safeguarding children.

- Ensure that all adults within our school who have access to children have been checked as to their suitability. This includes agency staff and other community users of our facilities.

6. Legislation and Guidance

This policy has been developed in accordance with the principles established by the Children Act 1989 and in line with government publications, local guidance and procedures including:-

- “Working Together to Safeguard Children” 1st August 2018.
- “What To Do If You Are Worried a Child Is Being Abused” 26th March 2015.
- Latest “Keeping Children Safe in Education Guidance.”
- “South West Child Protection Procedures” Website (www.swcpp.org.uk).

7. Procedures

Our school procedures for safeguarding children will be in line with the Plymouth Safeguarding Children Partnership (PSCP)

We will ensure that:

- the governing body understands and fulfils its safeguarding responsibilities;
- there is a Designated Safeguarding Lead and Deputy Designated Safeguarding Leads, who have undertaken role specific training, and also multi agency Child Protection Awareness Training, delivered through the PSCP. These staff members will undertake other training as recommended by the PSCP every two years;
- all staff will receive appropriate safeguarding and child protection training in order to develop their understanding of child protection and, in particular, the signs and indicators of abuse, that is regularly updated (at least every three years). In addition, all staff will receive safeguarding and child protection updates (for example via email, e-bulletins and staff meetings), as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively;
- all staff will receive training on preventing radicalisation and extremism as part of the PREVENT duty;
- all staff are aware of the early help process, and understand their role in it. This includes identifying emerging problems, liaising with the Designated Safeguarding Lead, sharing

information with other professionals to support early identification and assessment, and in some cases, acting as the lead professional in undertaking an early help assessment;

- all staff are aware of the process for making referrals to Children, Young People and Families Services and for statutory assessments under the Children Act 1989, that may follow a referral, along with the role they may be expected to play in such assessments;
- where appropriate, staff will be directed to the PSCP Escalation and Resolution Policy by the DSL if there is disagreement between agencies and/or school colleagues regarding any decision making over children's safeguarding;
- all staff know how to respond to a pupil who discloses abuse, and the procedure to be followed in sharing, appropriately, a concern of possible abuse or a disclosure of abuse;
- all parents are made aware of the school's responsibilities in regard to child protection procedures, through publication of the school's Child Protection and Safeguarding Policy, and we will make reference to it in our prospectus/brochure and home school agreement;
- our lettings policy will seek to ensure the suitability of adults working with children on school sites at any time;
- community users organising activities for children are aware of and understand the need for compliance with the school's child protection guidelines and procedures;
- our recruitment and selection policy/code of practice includes all appropriate checks on staff suitability including Disclosure and Barring Service checks. A minimum of two individuals have completed Safer Recruitment Training (e.g. Headteacher, Member of School Leadership Team or a nominated Governor) and we will ensure that at least one trained individual participates in all recruitment within the school;
- the name of any member of staff considered not suitable to work with children (and the rationale for this decision) will be notified to the Disclosure and Barring Service and/or the relevant Government Department/Agency (where appropriate), depending on the nature of the concern, with the advice and support of the school's Human Resources Provider and/or the Local Authority Designated Officer;
- all relevant staff, visiting officers etc. have been vetted in accordance with the 'Childcare Disqualification Requirements' and 'Disqualification by Association' statutory guidance, and been deemed suitable for working with the relevant age range of children within the school;
- the name of the Designated Safeguarding Lead, Deputy Designated Safeguarding Leads and Nominated Safeguarding Governor will be clearly displayed in the school and on our

website, with a statement explaining the school's role in referring and monitoring cases of suspected abuse;

- all supply agency new to our school, will be given or directed to a copy of the Child Protection and Safeguarding Policy, the booklet "What To Do if You're Worried A Child is Being Abused", and the name and contact details of the Designated Safeguarding Lead.;
- as part of their induction, all new staff receive a safeguarding briefing from the DSL in which they receive all of the key documents on child protection and safeguarding in our school. In addition, all such staff will be made aware of the 'Guidance for Safer Working Practice for Adults who work with Children and Young People' booklet, available for reference within the school
- our child protection procedures will be reviewed annually and updated as necessary.

8. Responsibilities

We understand that our responsibility to safeguard children requires that we all share appropriately any concerns (as soon as it is suspected or known) that we may have about children. In most instances this will involve staff recording their concerns in CPOMS in the first instance. The first point of contact is the Designated Safeguarding Lead or the Deputy Designated Safeguarding Leads, in their absence. Where there are no Designated Safeguarding Leads available, staff are directed to a member of the School Leadership Team, to avoid any undue delay in making a referral. All members of the School Leadership Team are fully trained in how to manage a safeguarding concern in the absence of a Designated Safeguarding Lead or their Deputies. The Designated Safeguarding Lead will inform the Headteacher of the referral. If any staff member is involved, the report is made to the Headteacher. If the Headteacher is involved then the Chair of Governors should be informed.

The Designated Safeguarding Lead is a member of the School Leadership Team and is responsible for:-

- Referring, by telephone, a child's details if there are concerns about his/her welfare, possible abuse or neglect to Children, Young People and Families Services. A written record of the referral will be emailed to Children, Young People and Families Services, using the multi-agency referral form, as soon as possible within the school day;
- Ensuring that written records of concerns about a child are kept, even if there is no need to make an immediate referral. This will be done through CPOMS;
- Ensuring that all paper records are kept, confidentially and securely, and are separate from general pupil records, with a front sheet (in chronological order) listing significant events in the life of the child;

- Ensuring that an indication of further record-keeping (e.g. a separate child protection file) is marked on the general pupil records;
- Acting as a focal point for staff to discuss concerns (including signposting to pastoral support services if required by staff) and liaising with other agencies and professionals;
- Attending (or delegating this requirement to another appropriately informed member of staff) Early Help Assessment Tool (EHAT) meetings; case conferences; family support meetings; core groups; allegations management strategy meetings or other multi-agency planning meetings, contributing to the Framework for Assessment Process, and providing a report (when required) which has been shared with the parents;
- Ensuring that any pupil currently with a child protection plan, who is absent without explanation, is referred to their key worker in Children, Young People and Families Services;
- Ensuring that all staff are aware of this policy and know how to recognise and refer any concerns;
- Providing, with the Headteacher, a report at each meeting for the full governing body, including any changes to the policy and procedures; child protection training undertaken by the Designated Safeguarding Lead, their Deputies and by all other staff and governors; relevant curricular issues, number and type of incidents/cases, and number of children referred to Children, Young People and Families Services, allegations against staff and numbers of children subject to child protection plans (anonymised);
- Keeping up to date with knowledge to enable them to fulfil their role, including attending relevant training provided by the Safeguarding Partnership, or the Local Authority.

Should this school make the decision to combine the roles of Designated Safeguarding Lead and SENCO, cases and concerns will be discussed regularly with the Senior Leadership Team and formally recorded.

Full details of the role of the Designated Safeguarding Lead can be found in Annex B within the Keeping Children Safe in Education Guidance.

9. Supporting Children

We recognise that a child who is abused, who witnesses violence, or who lives in a violent environment, may feel helpless and humiliated, may blame him/herself, and find it difficult to develop and maintain a sense of self-worth.

We recognise that the school may provide the only stability in the lives of children who have

been abused or who are at risk of harm.

We accept that research shows that the behaviour of a child, in these circumstances, may range from that which is perceived to be normal, too aggressive or being withdrawn.

Our school will support all pupils by:

- encouraging the development of self-esteem and resilience in every aspect of school life including through the curriculum;
- promoting a caring, safe and positive environment within the school;
- liaising and working together with all other support services and those agencies involved in the safeguarding of children;
- notifying Children, Young People and Families Services as soon as there is a significant concern;
- ensuring that a named teacher is designated with responsibility for the attainment, progress and welfare of all Looked After Children (LAC) within the school and that an up to date list of LAC is regularly reviewed and updated. The Virtual School for Children and Young People in care, within the Local Authority, will be made aware of all LAC in the school (including those enrolled from other local authorities);
- ensuring that the named teacher for LAC provides relevant staff with the information they need in relation to a child's looked after legal status (whether they are looked after under voluntary arrangements with consent of parents or on an interim or full care order) and contact arrangements with birth parents or those with parental responsibility. They will also have information about the child's care arrangements and the levels of authority delegated to the carer by the authority looking after him/her. The Designated Safeguarding Lead will have details of the child's social worker and the name of the virtual school head in the authority that looks after the child;
- providing continuing support to a pupil (about whom there have been concerns) who leaves the school, by ensuring that such concerns and school medical records are forwarded under confidential cover to the Headteacher at the pupil's new school as a matter of urgency.
- recognising that safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside of these environments. All staff, but especially the designated safeguarding lead (and deputies) should consider whether children are at risk of abuse or exploitation in situations outside their families. Extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, and serious youth violence. This is known as contextual safeguarding.

10. Confidentiality

We recognise that all matters relating to child protection are confidential.

The Headteacher or Designated Safeguarding Lead will disclose personal information about a pupil to other members of staff on a need to know basis only.

All staff will be aware that they have a professional responsibility to share information with other agencies in order to safeguard children.

All staff will be aware that they cannot promise a child to keep secrets which might compromise the child's own safety or well-being, or that of another child.

We will always undertake to share our intention to refer a child to Children, Young People and Families Services with their parents/carers consent unless to do so could put the child at greater risk of harm, or impede a criminal investigation. If in doubt, we will consult with the Children, Young People and Families Services.

11. Supporting Staff

We recognise that staff working in the school, who have become involved with a child who has suffered harm, or appears to be likely to suffer harm, may find the situation stressful and upsetting.

We will support such staff by providing an opportunity to talk through their anxieties and concerns with the Designated Safeguarding Lead and to seek further support where necessary. This could be provided by, for example, the Headteacher, Occupational Health and/or a teacher/trade union representative as appropriate.

Staff will have access to advice on the boundaries of appropriate behaviour. The booklet "Guidance for Safer Working Practice for Adults who work with Children and Young People" provides advice on this and the circumstances which should be avoided, in order to limit complaints against staff of abuse of trust, and/or allegations of abuse. These matters form part of staff induction and are referred to in the staff handbook.

We recognise that designated staff should have access to support in the same way as all staff above. In addition they will be encouraged to engage in appropriate workshops, courses or meetings as organised or arranged through the Local Authority or other recognised body.

12. Allegations against staff (including supply staff and volunteers)

All school staff should take care not to place themselves in a vulnerable position with a child. It is always advisable for interviews or work with individual children or parents to be conducted in

view of other adults. (Further information around these matters can be found in the booklet 'Guidance for Safer Working practices for Adults who work with Children and Young People).

All staff should be aware of the Whole School Positive Behaviour Policy. This can be found on the School website.

We understand that a pupil may make an allegation against a member of staff.

- If such an allegation is made, the member of staff receiving the allegation will immediately inform the Headteacher or the most senior teacher if the Headteacher is not present.
- The Headteacher/senior teacher on all such occasions will immediately discuss the content of the allegation with the Local Authority Designated Officer (LADO) and follow the process for managing the concern laid down in the South West Child Protection Procedures (www.swcpp.org.uk) and the School's Managing Allegations Policy.
- If the allegation made to a member of staff concerns the Headteacher, the person receiving the allegation will immediately inform the Chair of Governors, who will consult the LADO as above, without notifying the Headteacher first. Where the Chair of Governors cannot be contacted, the LADO should be contacted, immediately, for advice.
- In all occasions identified above, the school will follow the South West Child Protection Procedures and the School's Managing Allegations Policy for managing allegations against staff and volunteers, a copy of which can be found in the school office.
- Suspension of the member of staff, against whom an allegation has been made, needs careful consideration, and we will consult with the LADO and our HR Provider in making this decision.
- In line with this policy and other school procedures for incident reporting/recording, staff and pupils may provide accounts of events that will be stored under our own secure systems and may be produced in the event of any allegation. We recognise that such accounts must not constitute an official statement and the reporting person must not be questioned over their disclosure at this stage. All such accounts will be hand written by the individual completing the report, signed and dated, with the full name of the writer clearly visible on the document.
- Our lettings agreement, for other users of school premises, requires that the organiser will manage the suspension of adults, where necessary, from the relevant school site.

13. Abuse of Position of Trust

All staff are aware that inappropriate behaviour towards pupils is unacceptable and that their conduct towards pupils must be beyond reproach.

Staff understand, that under the Sexual Offences Act 2003, it is an offence for a person over the age of 18 to have a sexual relationship with a person under the age of 18, where the person is in a position of trust, even if the relationship is consensual. This means that any sexual activity between a member of school staff and a pupil under age 18 may be a criminal offence, even if that pupil is over the age of consent.

14. Whistleblowing

We recognise that children cannot be expected to raise concerns in an environment where staff fail to do so.

All staff are aware of their duty to raise concerns about the attitude or actions of colleagues or any other person working on the school site. If necessary, they should speak to the Designated ‘Whistleblowing’ Governor or the Local Authority Designated Officer within Children, Young People and Families Services for further advice and guidance. Full details of the school whistleblowing policy are available in the school office or on the school website.

15. Physical Intervention/Positive Handling

Our policy on physical intervention/positive handling by staff is set out separately, and is referenced as part of our Whole School Positive Behaviour Policy.

Such events should be recorded and signed by a witness or witnesses.

Staff who are likely to need to use physical intervention will be appropriately trained in accordance with agreed standards.

We understand that physical intervention of a nature which causes injury or distress to a child may be considered under child protection or disciplinary procedures.

16. Anti-Bullying

Our policy on the prevention and management of bullying is set out in a separate policy and acknowledges that to allow or condone bullying may lead to consideration under child protection procedures.

17. Equalities and Racial Tolerance

Within the School Prospectus there is a statement around “equalities/equal opportunities” which asserts that:

COMPTON C of E PRIMARY SCHOOL

All pupils at Compton C of E Primary School have an equal right to develop and achieve

their potential. Equality of opportunity underpins the school curriculum and the work of the school. Children at Compton C of E Primary School are treated as individuals with their own abilities, difficulties, attitudes, backgrounds and experiences.

The school has a single “Equality Policy” that has a section on racial tolerance. This includes information about what the school, through education, challenge and discussion, will do to ensure incidents do not happen.

Racism is tackled in both the RE and in the PSHE curricula. The children will take part in discussions designed to raise awareness and address prejudices. This work ensures that racial tolerance is at the forefront of everything we do.

18. Racist Incidents

Our policy on racist incidents is set out in a separate policy and acknowledges that repeated racist incidents or a single serious incident may lead to consideration under child protection procedures.

19. Domestic Abuse

Our response on Domestic Abuse is set out in the Child Protection guidance from the PSCP (please see the school Domestic Abuse policy and guidance that is reviewed in line with this policy). It recognises that exposure to domestic abuse can have a serious impact on a child’s development and emotional well-being and acknowledges that staff, themselves, can be victims or perpetrators of domestic abuse.

20. General Prevention of Harm

We recognise that the school plays a significant part in the prevention of harm to our pupils by providing them with effective lines of communication with trusted adults, supportive friends and an ethos of protection.

The school community will:

- establish and maintain an ethos, that is understood by all staff, that enables children to feel safe and secure and encourages them to talk, knowing that they will be listened to;
- ensure that all children know there is an adult in the school whom they can approach if they are worried or in difficulty;
- provide opportunities across the curriculum, including PSHE, that equip children with the skills they need to stay safe from harm and to know to whom they should turn for help.

21. Health & Safety

Our Health & Safety Policy, set out in a separate document, reflects the consideration we give to the protection of our children, both physically within the school environment, and when away from the school, when undertaking school trips and visits.

The Headteacher, with the site supervisor and a nominated school governor with responsibility for health and safety oversee the policy and 'Person in Control (PIC)' log book. Any concerns from staff or children are reported to any of these individuals and the site supervisor carries out an initial examination, assessing what remedial action needs to take place.

Each term there is a fire drill, that practices the efficient evacuation from the school buildings.

The school conducts an annual fire risk assessment.

There is a critical incident plan that details what staff and parents should do in the case of emergencies.

22. First Aid

In the school, the following staff members are trained to oversee first aid:

Debbie Fry, Ruth Arundell, Dee Harding. All staff will attend a one day 1st aid training day every 3 years.

When a child is unwell, or has suffered an accident in school, or on the school grounds, the following steps are followed:

Step 1: A trained first aider is immediately called to provide assistance and advice.

Step 2: The incident/accident is logged in the incident/accident register.

Step 3: The parent is notified of the incident/accident as soon as possible.

Step 4: The Local Authority Health and Safety Team and/or the Health and Safety Executive are notified of the incident/accident where there is a statutory duty to do so.

23. Supporting Pupils in School with Medical Conditions

The school will ensure that relevant staff are trained to administer medicines.

24. Site Security

Compton **aims** to provide a secure school site and recognises that the site is only as secure as the people who use it. Therefore, all people on the site have to adhere to the rules that govern it. It is recognised that laxity can cause potential problems to safeguarding and so the school ensures that:

- gates are locked except at the start and end of each day;
- gates are kept closed to prevent intrusion;
- whenever possible, visitors and volunteers only enter through the main pedestrian entrance and must sign in at the office;
- children are only allowed home with adults/carers with parental responsibility or confirmed permission has been received in advance;
- empty classrooms have closed windows;
- children are not allowed to leave school alone during school working hours and, if collected by an adult (whose responsibility for the child has been confirmed beforehand), signed out;
- should a child leave the school premises without permission, then staff have been informed never to chase after a child, but rather to report immediately to the school office. Parents and Police will then be immediately informed of the circumstances;
- at break and lunchtimes, staff are on duty to provide a presence at dedicated key points on the school site.

25. Mental Health

All staff should also be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem. Staff however, are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.

Where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. It is key that staff are aware of how these children's experiences, can impact on their

mental health, behaviour and education.

If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken, following their child protection policy and speaking to the designated safeguarding lead or a deputy.

25a. Self-Harm

This school is committed to supporting children who self-harm or attempt to self-harm and our full response/commitment is laid out in a separate 'Managing Self Harm Policy' document.

Self-harm is any self-injurious behaviour where the intent is to deliberately cause harm to one's own body or suicidal thoughts or actions.

This Managing Self Harm Policy document describes the school's approach to self-harm and is intended as guidance for all staff.

The Managing Self Harm Policy aims to:

- increase understanding and awareness of self-harm;
- alert staff to warning signs and risk factors;
- provide support to staff dealing with students who self-harm;
- provide support to students who self-harm and their peers and parents/carers.

26. Preventing Radicalisation

The Counter Terrorism and Security Act 2015 "places a duty on specified authorities, including local authorities and childcare, education and other children's services providers ... to have due regard to the need to prevent people from being drawn into terrorism ('the Prevent duty'). The Counter Terrorism and Security Act 2015 also places a duty on local authorities to ensure 'Channel' panels are in place. Panels will assess the extent to which identified individuals are vulnerable to being drawn into terrorism. Schools and Colleges are listed in the Act as "partners of the panel". The Act requires partners (such as Schools and Colleges) of Channel panels to cooperate with the panel in carrying out its functions and with the Police in undertaking the initial assessment as to whether a referral is appropriate.

Channel is a programme which focuses on providing support at an early stage, to people who are identified as being vulnerable to being drawn into terrorism. It provides a mechanism for schools to make referrals, if they are concerned that an individual might be vulnerable to radicalisation. It should be noted that an individual's engagement with the programme is entirely voluntary at all

stages. Our school staff understand when it is appropriate to make a referral to the Channel programme.

This school is committed to working with the local authority, Police and the Channel Panel to maintain a safe learning environment for children and young people in our care/charge. Wherever possible, preventing radicalisation will be promoted through both the curriculum and all other school related activities.

This school will help build pupils' resilience to radicalisation by promoting fundamental British values (as set out in DfE documentation 'Promoting Fundamental British Values' 2014) and enabling them to challenge extremist views. It is important to emphasise that the Prevent duty is not intended to stop pupils debating controversial issues. On the contrary, the school will provide a safe space in which children, young people and staff can understand the risks associated with radicalisation (that can lead to terrorism) and develop the knowledge and skills to be able to challenge extremist arguments.

The statutory guidance makes clear that schools are expected to assess the risk of children being drawn into radicalisation (that can lead to terrorism), including support for extremist ideas that are part of terrorist ideology. This means being able to demonstrate both a general understanding of the risks affecting children and young people in the local area and a specific understanding of how to identify individual children who may be at risk of radicalisation and what to do to support them.

The general risks affecting children and young people may vary from area to area, and according to their age. This school is in an important position to identify risks within the local context. It is important that the school understands any particular risks so that it can respond in an appropriate and proportionate way. In addition, the school continues to be aware of the increased risk of online radicalisation, as terrorist organisations seek to radicalise young people through the use of social media and the internet. The School is able to obtain contextual information around these matters from both the local authority and the Police to help understand such risks in the area.

It is recognised that there is no single way of identifying an individual who is likely to be susceptible to radicalisation (including terrorist ideology). As with managing other safeguarding risks, staff will be alert to changes in children's behaviour that could indicate that they may be in need of help or protection. Children at risk of radicalisation may display different signs or seek to hide their views. Our school staff will use their professional judgement in identifying children who might be at risk of radicalisation and act proportionately.

Even very young children may be vulnerable to radicalisation by others, whether in the family or outside, and display concerning behaviour. The Prevent duty does not require teachers to carry out unnecessary intrusion into family life but, as with any other safeguarding risk, they will take action when they observe behaviour of concern.

27. Female Genital Mutilation (FGM)

The Female Genital Mutilation Act (as inserted by Section 74 of the Serious Crime Act 2015) places a statutory duty upon teachers, along with social workers and health professionals, to report to the Police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under age 18.

This school will ensure that all relevant staff working in the school receive appropriate training to understand and/or recognise when FGM may be likely to happen or has happened.

This school will ensure that where all relevant staff working in the school discover that an act of FGM appears to have been carried out, the Schools' Designated Safeguarding Lead will be notified and the matter reported to the Police immediately.

This school will ensure that where all relevant staff working in the school suspect that an act of FGM may be undertaken, the matter will be discussed with the Schools' Designated Safeguarding Lead who will involve Children, Young People and Families Services as appropriate.

This school recognises that it will be rare to see visual evidence that an act of FGM has taken place and that it should not be examining pupils but the definition of what is meant by 'to discover that an act of FGM appears to have been carried out' is used for all professionals to whom the mandatory duty applies.

28. Safer Recruitment and Selection

This school pays full regard to current government guidance in the latest 'Keeping Children Safe in Education.' We will ensure that all appropriate measures are applied in relation to everyone who works in the school, who is likely to be perceived by the children as a safe and trustworthy adult, including staff, volunteers, those employed/engaged by contractors and governors.

Best safer recruitment practices include scrutinising applications, verifying identity and academic or vocational qualifications, obtaining professional references, checking previous employment history and ensuring that a candidate has the health and physical capability for the job. It also includes undertaking interviews and, where appropriate, undertaking Disclosure and Barring Service (DBS) Children's Barring List checks, full Enhanced DBS checks, Prohibition Order checks (where necessary), Childcare Disqualification Order checks (where necessary) and providing honest and accurate references when individuals move on.

In line with statutory changes, underpinned by regulations, the following will apply:

- an Enhanced DBS Disclosure check (with a Children's Barring List check in accordance with 'regulated activity' requirements and statutory guidance) will be obtained for all new appointments to our school workplace (including volunteers, where appropriate);

- this school is committed to keeping an up to date single central record detailing a range of pre-employment checks carried out on our staff, volunteers and governors;
- all new appointments to our school workforce from overseas or UK nationals, who have lived or worked outside of the UK for more than 3 months, will be subject to additional checks as appropriate (e.g. Certificate of Good Conduct);
- our school ensures that supply staff have undergone the necessary checks and will be made aware of this policy;
- identify/right to work in the UK checks will be carried out on all appointments to our school workforce before the appointment is confirmed.

The following staff have undertaken and completed Safer Recruitment training and one of these staff members will be in attendance at interview for all staff and volunteer appointments:-

Headteacher: Mark Oakshott

Deputy Headteacher: Giles Phillips & Jo Arscott

SEND Lead: Annabel Connatty

School Governors: Di Werker, Andrea Johnson, Juliet Morgan

Other Staff: Jean Bell, Jane Vatcher

Safer working practices ensure that children are kept safe and that all staff:

- are responsible for their own actions and behaviour and should avoid any conduct which would lead any reasonable person to question their motivation and intentions;
- work in an open and transparent way;
- work with other colleagues, where possible, in situations open to question;
- discuss and/or take advice from school management over any incident which may give rise to concern;
- record any incident or decisions made;
- apply the same professional standards regardless of age, disability, gender reassignment, race, religion or belief, sex, sexual orientation, marriage and civil partnership, and pregnancy and maternity;

- are aware of the confidentiality policy;
- are aware that breaches of the law and other professional guidelines could result in criminal or disciplinary action being taken against them.

Our school Recruitment and Selection Policy/Code of Practice, set out in a separate document, explains the schools for commitment to safer recruitment practices both pre and post-employment.

29. The Design of the Curriculum

The curriculum deals with safeguarding in two ways.

Firstly, in subjects such as Personal, Social and Health Education, and RE, relevant learning and assessment regarding related issues take place with the children. Topics include such themes as Drugs, Alcohol, Sex and Relationships, Stranger Danger, and Online safety issues (including safer use of social media and gaming). Children are encouraged to explore and discuss these issues. The school delivers the Relationships, Health and Sex Education curriculum.

Secondly, the curriculum is designed so that safety issues, within the subject, are discussed and safe practices explained, such as using equipment properly in PE and Design and Technology.

Appropriate staffing levels will be maintained, at all times, when the curriculum is being delivered within and outside of the school site.

Appropriate and agreed pupil/adult ratios will always be maintained.

The lead adult (the School Educational Visits Coordinator) will always risk assess visits and trips to ensure children are safeguarded and protected from harm before the event is finally authorised by the Headteacher.

Visiting speakers, with correct clearance and/or constant supervision are always welcome into school so that they can give specialist knowledge to the children.

30. Internet/Online Safety

The school Internet/Online Safety Policy set out in a separate document states that children are encouraged to use the internet in a safe way.

If staff know of misuse, either by a teacher, other staff member, volunteer or child, the issue must be reported to the Headteacher without delay.

The Headteacher has overall responsibility for internet safety and will have access to all email

addresses and passwords provided.

The school follows guidelines for Internet use/Online safety laid down by a range of organisations including the South West Grid for Learning, the Local Authority, Plymouth Safeguarding Children Partnership and in its Acceptable Use Policy.

The school will ensure that:

- software is in place to minimise access and to highlight any person accessing inappropriate sites or information;
- pupils will be encouraged to discuss, openly, their use of technology and anything which makes them feel uncomfortable. (If this results in child protection concerns, the Designated Safeguarding Lead should be informed immediately);
- every effort is made to encourage pupils not to give out their personal details, phone numbers, school, home addresses, computer passwords etc;
- pupils adhere to the school policy on mobile phones;
- training is provided to pupils, staff and volunteers on e-safety matters where necessary.

31. Inclusion Opportunities

At Compton we welcome all children. Where a child has a recognised disability we will make all reasonable adjustments to accommodate their needs in school. This will include the availability of resources and accessibility of the school building and site. We will make every effort to ensure that children with Special Educational Needs maintain their entitlement when they enter the school.

32. Whole School Behaviour Policy

The full, Whole School Behaviour Policy is set out in a separate document. It is recognised that good behaviour is essential in any community and at Compton C of E Primary School we have high expectation in this area. The school has a Whole School Behaviour Policy and a Code of Behaviour that must be adhered to by all children and the document is published on the school website. Although the emphasis is always on the positive, there are also times when children have to be disciplined in order to maintain the safety and security of all children.

Staff are discouraged from handling children but where they deem it the safest thing to do, after exhausting all other de-escalation strategies, guidance and training has been given on safe methods of restraining a child so that they do not harm either themselves or others.

33. Anti-Bullying Policy

The school's response to this is unequivocal.

The Headteacher or Deputy Headteacher must be informed immediately and action will take place.

Children are told that silence is the bully's best friend. Although bullying in this school is rare, the school always acts swiftly with a process of investigation, communication and action. Bullies will not be tolerated.

There is a more detailed Anti-bullying Policy available on the school website.

34. Photographing and Videoing of Children in School

At Compton C of E Primary School we have taken a sensible and balanced approach to photographing and videoing children on the school site. We have a formal policy regarding "taking photographs and video images of children" and a copy of the document is available from the school website.

Taking photographs and video images of children's achievements and activities is a wonderful way of capturing a memory and promoting successes. The policy document explains, in detail, the school's requirement to obtain parental permission (where necessary) while taking such images and the safeguards in place to ensure anonymity (wherever possible) in their usage.

35. Children Missing Education

All school age children, regardless of their circumstances, are entitled to a full time education, which is suitable to their age, ability, aptitude and any special educational needs they may have. Local authorities have a duty to establish, as far as it is possible to do so, the identity of children of compulsory school age who are missing in their area. Effective information sharing between parents, schools, colleges and local authorities is critical to ensuring that all children are safe and receiving suitable education.

This school recognises that a child going missing from education is a potential indicator of abuse or neglect and such children are at risk of being victims of harm, exploitation or radicalisation. As a result, we will follow the 'Children Missing Education' (CME) Policy for Plymouth which sets out the joint responsibilities of all agencies, all staff in schools, the Local Authority and the Plymouth Safeguarding Children Partnership in ensuring that all children and young people have the opportunity to access appropriate and suitable education provision. This CME policy document has been developed in accordance with the provisions of the 'Children Missing Education' Statutory Guidance (September 2016) for unauthorised absence and for dealing with children that go missing from education, particularly on repeat occasions. This will help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of going

missing in the future.

This school recognises that we have a safeguarding duty in respect of our pupils to investigate any unexplained absences.

When considering the absence of a pupil or repeat absence, staff in this school are alert to signs to look out for and the individual triggers to be aware of when considering the potential safeguarding concerns such as travelling to conflict zones, female genital mutilation and forced marriage.

In accordance with its statutory duty, this school will always:

- monitor pupil's attendance through our daily register;
- inform the local authority Inclusion and Attendance Manager of the details of pupils who fail to attend regularly, or who have missed ten school days or more without permission.
- notify the local authority when we are about to remove a statutory school age pupil's name from the school admission register;
- make reasonable enquiries to establish the whereabouts of the child, jointly with the local authority, before deleting the pupil's name from the register;
- notify the local authority within 5 days of adding a pupil's name to the admission register at a non-standard transition point;
- make reasonable enquiries to establish the whereabouts of a child who has not returned to school for ten days after an authorised absence or is absent from school without authorisation for twenty consecutive school days or more without permission, before removing them from the admissions register. Removal from the register in these circumstances will only happen if the school does not have reasonable grounds to believe that the pupil is unable to attend because of sickness or unavoidable cause; and
- Arrange full-time education for excluded pupils from the sixth school day of a fixed period exclusion.

36. Child Sexual Exploitation

Child Sexual Exploitation is a form of sexual abuse where children are sexually exploited for money, power or status. It can involve violent, humiliating and degrading sexual acts. In some cases, young people are persuaded or forced into exchanging sexual activity for money, drugs, gifts, affection or status. Consent cannot be given, even where a child may believe they are voluntarily engaging in sexual activity with the person who is exploiting them. Child sexual exploitation does not always involve physical contact and can happen online. A significant

number of children who are victims of sexual exploitation go missing from home, care and education at some point.

All staff in this school have received training to help them identify children who have either suffered child sexual exploitation or may be at risk of child sexual exploitation and are aware that indicators of child sexual exploitation can include children who:

- appear with unexpected gifts or new possessions;
- exhibit secretive behaviour;
- associate with other young people involved in exploitation;
- have older boyfriends or girlfriends;
- suffer from sexually transmitted infections or become pregnant;
- suffer from changes in emotional well-being (e.g. unusually quiet or withdrawn, low self-esteem etc.);
- misuse drugs and/or alcohol;
- go missing for periods of time or regularly come home late; and
- regularly miss school or education or do not take part in education.

This school understands that Child Sexual Exploitation is a crime and where staff suspect child sexual exploitation has occurred or may have occurred, a referral will be made to Children, Young People and Families Services and/or the Police in accordance with local safeguarding procedures.

37. Honour Based Abuse

So-called 'honour based' abuse (HBA) is a collection of practices, which are used to control behaviour within families or other social groups to protect perceived cultural and religious beliefs and/or honour. HBV manifests itself in a diverse range of ways with children and young people, including Female Genital Mutilation (see also section 27 above), forced marriage (i.e. one that is entered into without the full consent of one or both parties and where violence, threats or any other coercion is used to cause a person to enter into a marriage), physical assaults, kidnap, threats of violence and practices such as breast ironing. Such violence can also occur when perpetrators perceive that a relative has shamed the family and/or community by breaking the 'honour' code.

HBA can be distinguished from other forms of violence, as it is often committed with some

degree of approval and/or collusion from family and/or community members.

All forms of HBA are abuse (regardless of the motivation) and will be handled and escalated as such in this school.

This school understands that in addition to the physical risks that a child may suffer as a result of HBA, a child may also suffer significant emotional harm through the threats of violence or witnessing this directed at a sibling or other family member.

All staff in this school are aware that a child could be the victim of violence/abuse in the name of 'honour' for what an outside person may perceive to be a 'minor' issue.

Behaviours that could be seen to transgress concepts of 'honour' include:

- Inappropriate make-up or dress;
- The existence of a boyfriend;
- Rejecting a forced marriage;
- Pregnancy outside of marriage;
- Being a victim of rape;
- Perceptions that the victim is gay/lesbian;
- Inter-faith relationships (or same faith but different ethnicity);
- Leaving a spouse or seeking divorce;
- Kissing or intimacy in a public place.

This school recognises it is likely that awareness that a child is the victim of an honour based crime will only come to light after the commission of an assault of some kind. There are inherent risks to the act of disclosure for the victim and possibly limited opportunities to ask for help for fear that their families will find out.

Where staff are unsure whether or not HBA has occurred or has the potential to occur, they will always seek the advice of the Designated Safeguarding Lead (or Deputy Designated Safeguarding Leads in their absence) in the first instance.

This school will ensure that any suspicion or disclosure of violence or abuse against a child in the name of 'honour' will be treated equally seriously as any other suspicion or disclosure or significant harm against a child and will activate local safeguarding procedures, reporting the matter directly to Children, Young People and Families Services and/or the Police accordingly.

38. Forced Marriage

This school is aware that forcing a person into a marriage is a crime in England and Wales.

A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage (see also section 37 above).

All staff in this school are aware that any such threats can be physical or emotional and psychological, and that a lack of full and free consent can be where a person does not consent or where they cannot consent (e.g. if they have learning disabilities).

Staff are also aware that despite forced marriage being a crime in England and Wales, and the implications around full and free consent, some communities use religion and culture as a way to coerce a person into marriage.

Schools and colleges can play an important role in safeguarding children from forced marriage and in this school, staff training has raised an awareness that indicators of forced marriage may include:

- request(s) for extended leave of absence and failure to return from visits to country of origin;
- fear about forthcoming school holidays;
- surveillance by siblings or cousins at school;
- decline in behaviour, engagement, performance or punctuality;
- poor exam results;
- being withdrawn from school by those with parental responsibility;
- removal from a day centre of a person with a physical or learning disability;
- not allowed to attend extra-curricular activities;
- sudden announcement of engagement to a stranger; and
- being prevented from going on to further/higher education.

Where staff have evidence or information to suggest that a person is being forced into marriage in accordance with the above definitions/explanations/examples, the matter will be reported directly to the Police and where necessary (i.e. the forced marriage involves a person under the age of 18) to Children, Young People and Families Services.

39. Upskirting

‘Upskirting’ typically involves taking a picture under a person’s clothing without them knowing,

with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm. It is a criminal offence.

This school will ensure that:

- this topic is covered in the upper juniors as part of the children's PSHE/RHSE curriculum.
- any incidences will not be tolerated and the appropriate authorities (including Children's Services and the Police) will be contacted to deal with those situations.

40. Serious Violent Crime – Child Criminal Exploitation

All staff need to know the indicators that may signal that children are at risk from, or are involved with, serious violent crime. These include:

- Unexplained gifts or new possessions - these can indicate that children have been approached by or involved with individuals associated with criminal networks or gangs
- Increased absence from school
- Change in friendship or relationships with others or groups
- Significant decline in performance
- Signs of self-harm or significant change in wellbeing
- Signs of assault or unexplained injuries

Staff should also be aware of the associated risks and understand the measures in place to manage them. Staff should refer to the latest Keep Children Safe in Education for more information.

41. Peer on Peer Abuse

Staff should respond to all reports and concerns of child on child sexual violence and sexual harassment, including those that have happened outside of the school or college premises, and or online (what to look out for and indicators of abuse are set out in Part one of Keeping Children Safe in Education).

Sexual violence and sexual harassment can occur between two children of any age and sex. It can occur through a group of children sexually assaulting or sexually harassing a single child or group of children. Sexual violence and sexual harassment exist on a continuum and may overlap; they can occur online and face to face (both physically and verbally) and are never acceptable. As set out in Keeping Children Safe in Education, all staff working with children are advised to maintain an attitude of 'it could happen here.'

Expectations for managing a report of sexual harassment or violence are set out in Keeping Children Safe in Education. Staff should speak to a DSL or DDSL immediately if they have any concerns. All incidents will be recorded on CPOMS.

42. Welcoming other Professionals

Visitors with a professional role, such as the school nurse, social workers or members of the Police should have been vetted to work with children through their own organisation. When there is a planned visit to the school, the Headteacher will ensure that written confirmation has been received from the employing organisation that the said individual has been vetted through the DBS and deemed suitable to work with children.

When the said individuals make adhoc or unplanned visits to the school, they will be accompanied by a DBS vetted staff member, at all times, and not allowed to have any unsupervised access to the children until confirmation of their vetting status has been received. No examination/medical treatment of any child will be allowed unless the professional has suitable clearance prior to their visit.

It is recognised that in emergency situations, when the Police are called, perhaps to deal with an unruly pupil/adult, it may not always be possible to confirm their identity before access to the school site is allowed. The Headteacher will use their professional judgement to manage these situations effectively.

43. Safeguarding Information for Pupils

All of our staff are compliant in safeguarding training and our children understand that they can approach any member of staff if they have a concern.

The school is committed to ensuring that pupils are aware of behaviour towards them that is not acceptable and how they can keep themselves safe.

All pupils know that we have a senior member of staff with responsibility for child protection and know who this is. We inform pupils of whom they might talk to, both in and out of school, their right to be listened to and heard and what steps can be taken to protect them from harm.

The school proactively source up-to-date resources to deliver the safeguarding curriculum.

44. Partnership working with Parents

This school shares a purpose with parents to educate, keep children safe from harm and promote their welfare.

We are committed to working with parents positively, openly and honestly.

We ensure that all parents are treated with respect, dignity and courtesy.

We respect parents' rights to privacy and confidentiality and will not share sensitive/personal information unless we have permission to do so or it is necessary to protect a child from harm or potential harm.

Compton C of E Primary School will share with parents any concerns we may have about their child unless to do so may place a child at risk of harm.

We encourage parents to discuss any concerns they may have with the school.

We make parents aware of our Safeguarding and Child Protection Policy and parents are aware that they can view the policy on our school website.

45. Policy Review

The Governing Body of our school will review the Child Protection and Safeguarding Policy at least annually.

Next review: October 2022

Covid Addendum

Originally a separate document, as directed in Keep Children Safe in Education, the addendum is now an appendix in the school child protection policy.

Important contacts

ROLE	NAME	CONTACT DETAILS
Designated safeguarding lead (DSL)	Giles Phillips –until 31/12/21	gphillips@compton.plymouth.sch.uk
	Jo Arscott – from 1/1/22	jarscott@compton.plymouth.sch.uk
Deputy DSL	Lee Woodman	lwoodman@compton.plymouth.sch.uk
	Mark Oakshott	moakshott@compton.plymouth.sch.uk
Designated member of senior leadership team if DSL (and deputy) can't be on site	Contact school office	01752 771539 ext 2
Headteacher	Mark Oakshott	As above
Local authority designated officer (LADO)	Marie Partridge	01752 306340
Chair of governors	Mrs Andrea Johnson	andrea.johnson@compton.plymouth.sch.uk

1. Scope and definitions

This addendum applies during the period of school reopening after closure due to COVID-19, and reflects updated advice from our 3 local safeguarding partners and local authority (LA) and the Government Guidance.

It sets out any systems that would apply to children who are not returning because they, or a family member are continuing to shield. Unless covered here, our normal child protection policy continues to apply.

The Department for Education's (DfE's) definition of 'vulnerable children' includes those who:

- Have a social worker, including children:
 - With a child protection plan
 - Assessed as being in need
 - Looked after by the local authority
- Have an education, health and care (EHC) plan

2. Core safeguarding principles

We will still have regard to the statutory safeguarding guidance, [Keeping Children Safe in Education](#).

Although we are operating in a different way to normal, we are still following these important safeguarding principles:

- The best interests of children must come first
- If anyone has a safeguarding concern about any child, they should continue to act on it immediately
- A designated safeguarding lead (DSL) or deputy should be available at all times (see section 4 for details of our arrangements)
- It's essential that unsuitable people don't enter the school workforce or gain access to children
- Children should continue to be protected when they are online

3. Reporting concerns

All staff and volunteers must continue to act on any concerns they have about a child immediately. It is still vitally important to do this.

Staff will continue to report any concerns to the safeguarding team and record those concerns on CPOMS.

As a reminder, all staff should continue to work with and support children's social workers, where they have one, to help protect vulnerable children.

4. DSL (and deputy) arrangements

We aim to have a trained DSL or deputy DSL available to deal with any safeguarding concerns that have been raised. Details of all important contacts are listed in the 'Important contacts' section at the start of this addendum.

We will ensure that DSLs (and deputies), wherever their location, know who the most vulnerable children in our school are.

On occasions where there is no DSL or deputy on site, a senior leader will take responsibility for co-ordinating safeguarding. You can contact them via the school office (see above).

The senior leader will be responsible for liaising with the off-site DSL (or deputy) to make sure they (the senior leader) can:

- Identify the most vulnerable children in school
- Update and manage access to child protection files, where necessary
- Liaise with children's social workers where they need access to children in need and/or to carry out statutory assessments

5. Working with other agencies

We will continue to work with children's social care, and with virtual school heads for looked-after and previously looked-after children.

We will continue to update this addendum where necessary, to reflect any updated guidance from:

- Our 3 local safeguarding partners
- The local authority about children with education, health and care (EHC) plans, the local authority designated officer and children's social care, reporting mechanisms, referral thresholds and children in need

6. Monitoring attendance

Missing out on more time in the classroom risks pupils falling further behind. Those with higher overall absence tend to achieve less well in both primary and secondary school. School attendance will therefore be mandatory unless directed differently by local and/or national government. The usual rules on school attendance will apply, including:

- parents' duty to secure that their child attends regularly at school where the child is a registered pupil at school and they are of compulsory school age
- schools' responsibilities to record attendance and follow up absence

- the availability to issue sanctions, including fixed penalty notices in line with local authorities' codes of conduct

Where a pupil is unable to attend school because they are complying with clinical or public health advice, we will immediately offer them access to remote education. We will monitor engagement with this activity as set out in the action for all schools and local authorities section.

Where children are not able to attend school as parents and carers are following clinical or public health advice, for example, self-isolation or family isolation, the absence will not be penalised.

7. Concerns about a staff member

We will continue to follow the principles set out in part 4 of Keeping Children Safe in Education. Staff should continue to act on any concerns they have immediately.

We will continue to refer adults who have harmed or pose a risk of harm to a child or vulnerable adult to the Disclosure and Barring Service (DBS).

We will continue to refer potential cases of teacher misconduct to the Teaching Regulation Agency. We will do this using the email address Misconduct.Teacher@education.gov.uk for the duration of the COVID-19 period, in line with government guidance.

8. Safeguarding for children not attending school

8.1 Contact plans

We have contact plans for children with a social worker and children who we have safeguarding concerns about, for circumstances where:

- They won't be attending school (for example where the school, parent/carer and social worker, if relevant, have decided together that this wouldn't be in the child's best interests); or

- They would usually attend but have to self-isolate

These plans incorporate:

- How often the school will make contact
- Which staff member(s) will make contact
- How they will make contact

We have agreed these plans with children's social care where relevant, and we will keep them under review.

If we can't make contact, we will immediately contact the child's/family's social worker or take advice from Plymouth Gateway.

8.2 Safeguarding all children

Staff are aware that this difficult time potentially puts all children at greater risk. Staff will continue to be alert to any signs of abuse, or effects on pupils' mental health that are also safeguarding concerns, and act on concerns immediately. In particular, children are likely to be spending more time online (see section 10 below).

9. Online safety

9.1 In school

We will continue to have appropriate filtering and monitoring systems in place in school.

9.2 Outside school

Where staff are interacting with children online, they will continue to follow our existing staff code of conduct.

Staff will continue to be alert to signs that a child may be at risk of harm online, and act on any concerns immediately, following our reporting procedures as set out in section 3 of this addendum.

We will make sure children know how to report any concerns they have back to our school, and signpost them to other sources of support too.

9.3 Working with parents and carers

We will make sure parents and carers:

- Are aware of the potential risks to children online and the importance of staying safe online
- Know what our school is asking children to do online, including what sites they will be using and who they will be interacting with from our school
- Are aware that they should only use reputable online companies or tutors if they wish to supplement the remote teaching and resources our school provides
- Know where else they can go for support to keep their children safe online

10. Mental health

Where possible, we will continue to offer our current support for pupil mental health for all pupils.

We will also signpost all pupils, parents and staff to other resources to support good mental health at this time.

When setting expectations for pupils learning remotely and not attending school, teachers will bear in mind the potential impact of the current situation on both children's and adults' mental health.

11. Staff recruitment, training and induction

11.1 Recruiting new staff and volunteers

We continue to recognise the importance of robust safer recruitment procedures, so that adults

and volunteers who work in our school are safe to work with children. We will continue to follow our safer recruitment procedures, and part 3 of Keeping Children Safe in Education.

In urgent cases, when validating proof of identity documents to apply for a DBS check, we will initially accept verification of scanned documents via online video link, rather than being in physical possession of the original documents. This approach is in line with revised guidance from the DBS.

New staff must still present the original documents when they first attend work at our school. We will continue to do our usual checks on new volunteers, and do risk assessments to decide whether volunteers who aren't in regulated activity should have an enhanced DBS check, in accordance with Keeping Children Safe in Education.

11.2 Safeguarding induction and training

We will make sure staff are aware of changes to our procedures and local arrangements.

New staff and volunteers will continue to receive:

- A safeguarding induction
- A copy of our children protection policy (and this addendum)
- Keeping Children Safe in Education part 1

11.3 Keeping records of who's on site

We will keep a record of which staff and volunteers are on site each day, and that appropriate checks have been carried out for them.

We will continue to keep our single central record up to date.

12. Monitoring arrangements

This policy will be reviewed as guidance from the 3 local safeguarding partners, the LA or DfE is updated in line with the review cycle of the main school child protection policy. At every review, it will be approved by the full governing board.

13. Links with other policies

This policy links to the following policies and procedures:

- Child protection policy
- Staff code of conduct
- IT acceptable use policy

Types of Abuse and Neglect

All school staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another.

Definition of the term Abuse

Abuse is a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others (e.g. via the internet). They may be abused by an adult or adults or by another child or children.

Physical Abuse

Physical abuse is a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional Abuse

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual Abuse

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities,

encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Safeguarding Issues.

All staff should have an awareness of safeguarding issues that can put children at risk of harm. Behaviours linked to issues such as drug taking, alcohol abuse, deliberately missing education and sexting (also known as youth produced sexual imagery) put children in danger.

Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)

Both CSE and CCE are forms of abuse and both occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into sexual or criminal activity. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources. In some cases, the abuse will be in exchange for something the victim needs or wants and/or will be to the financial benefit or other advantage (such as increased status) of the perpetrator or facilitator.

The abuse can be perpetrated by individuals or groups, males or females, and children or adults. The abuse can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse. It can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence. Victims can be exploited even when activity appears consensual and it should be noted exploitation as well as being physical can be facilitated and/or take place online.

Peer on Peer Abuse

All staff should be aware that children can abuse other children (often referred to as peer on peer abuse). This is most likely to include, but may not be limited to: #• bullying (including cyberbullying); • physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm;

- sexual violence, such as rape, assault by penetration and sexual assault;

- sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be stand-alone or part of a broader pattern of abuse;
- upskirting, which typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm;
- sexting (also known as youth produced sexual imagery); and
- initiation/hazing type violence and rituals.

All staff should be clear as to the school's or college's policy and procedures with regards to peer on peer abuse.

Serious Violence

All staff should be aware of indicators, which may signal that children are at risk from, or are involved with serious violent crime. These may include increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs.

All staff should be aware of the associated risks and understand the measures in place to manage these.
